Policy Updates

Date	Page	Policy Updates
September 2021	Whole policy	NEW Policy
April 2023	4	1.1 and 1.2 - Additions to Legal Framework to clarify associated Trust Policies and current legislation
April 2023	4	2.2 - Ownership of the first aid policy changed to reflect that it is Trust-wide
April 2023	5	2.4.2 - Wording changed to clarify responsibility of headteacher/principal
April 2023	5	2.5 - Additions made to the responsibilities of the 'appointed person'
April 2023	6	3.3 - First aid supplies within the first aid container clarified
April 2023	7	3.6 - Location of first aid boxes moved to localised appendix
April 2023	7	3.7 and 3.8 - Points added to clarify how staff can identify first aid equipment in an emergency and where these can be located.
May 2023	7	4.1 - Point amended to confirm overall responsibility of the 'appointed person'
May 2023	7	4.5 - Details of trained first aiders moved to localised appendix
May 2023	11	9 - Section updated to include storage and administration of appropriate non-prescribed medication
May 2023	13	Appendix A - Details of coronavirus procedures removed as these are no longer relevant
May 2023	13	Appendix 1 - Localised Procedures added to detail trained first aiders and locations of first aid boxes in each school/academy
October 2023	Whole policy	Updated inline with new Scheme of Delegation
April 2024	5	1 - Legal Framework updated to reflect current legislation, guidance and applicable Trust policies
April 2024	8	4.8 - Point added for EYFS schools/academies re: PFA certificates and the required renewal period
May 2024	6	2.3 - Method of reporting incidents clarified
May 2024	6	2.5 - Bullet point added to reflect the requirement for First Aiders to wear appropriate PPE, where required
May 2024	6	2.5.1 - Wording changed from "person" to "staff" to reflect that appropriately trained PFA must be a member of staff and that this is also the case during educational visits and trips
May 2024	7	3.2 - Wording changed inline with other Trust Policies

May 2024	7	3.3 - Type of scissors stored in First Aid kits specified to ensure compliance with legislation and ensure effectiveness
May 2024	8	4.2 - Additional course (Emergency First Aid at Work) added
May 2024	9	5.4 - Wording on annual briefing changed to reflect training for First Aiders on AEDs only
May 2024	9	5.5 - Frequency of AED maintenance checks updated to reflect current procedures
May 2024	10	7.5 - Sypro and B-Safe added for the recording of accident and incidents
May 2024	12	9.3 - Wording updated to reflect the conditions which must be met to determine whether non-prescription medication is required
May 2024	13	11.1 - Wording changed re: consent
May 2024	14	Appendix 1 - Appointed Person added to ensure schools/academies name this individual responsible for First Aid supplies etc
September 2024	10	7.5 - Point updated to reflect records of first aid to be inputted on Sypro and B-Safe systems
September 2024	12	9 - Section updated to ensure this is inline with the Supporting Pupils with Medical Conditions and Administering Medication Policy and provides clear guidelines on non-prescription medication

Statement of Intent

Hope Sentamu Learning Trust (HSLT) is committed to providing emergency first aid provision to deal with accidents and incidents affecting staff, pupils and visitors.

Academies/schools will take every reasonable precaution to ensure the safety and wellbeing of all staff, pupils and visitors.

Under Health and Safety legislation employees have to ensure that there is adequate and appropriate equipment and facilities for providing first aid in the workplace.

This policy aims to:

- Ensure that academies/schools have adequate, safe and effective first aid provision for every pupil, member of staff and visitor to be well looked after in the event of any illness, accident or injury, no matter how major or minor.
- Ensure that staff, trustees and governors are aware of their responsibilities with regards to health and safety.
- Ensure that staff and pupils are aware of the procedures in the event of any illness, accident or injury.
- Ensure that medicines are only administered at schools when express permission has been granted for this.
- Ensure that all medicines are appropriately stored.
- Promote effective infection control.

Nothing in this policy will affect the ability of any person to contact the emergency services in the event of a medical emergency. For the avoidance of doubt, staff should dial 999 in the event of a medical emergency before implementing the terms of this policy and make clear arrangements for liaison with ambulance services on the school/academy site(s).

1. Legal Framework

- 1.1. This policy has due regard to legislation and statutory guidance, including, but not limited to, the following:
- Health and Safety at Work etc. Act 1974
 - The Health and Safety (First Aid) Regulations 1981
 - The Management of Health and Safety at Work Regulations 1999
 - The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 2013
 - The Education (Independent School Standards) Regulations 2014
 - DfE (2017) 'Supporting pupils at school with medical conditions'
 - DfE (2023) 'Automated external defibrillators (AEDs): a guide for maintained schools and academies'
 - DfE (2024) 'Early years foundation stage (EYFS) Statutory framework'
 - DfE (2022) 'First aid in schools, early years and further education'
- 1.2. The policy is implemented in conjunction with the following **Trust** policies:
- Health and Safety Policy & Procedures Manual
 - Supporting Pupils with Medical Conditions and Administering Medication Policy
 - Behaviour Policy
 - Safeguarding and Child Protection Policy
 - Social, Emotional and Mental Health Policy

2. Roles and Responsibilities

- 2.1. **The Trust's Responsibilities**
- The Trust Board will oversee the implementation of this policy and its effectiveness.
 - Ensure that insurance arrangements provide full cover for any potential claims arising from actions of staff acting within their scope of their employment.
 - Ensure that responsibilities for Health and Safety, including the provision and management of first aid is effectively assigned, accepted and managed at all levels. This duty is delegated to others within the Trust.
- 2.2. The **Chief Operating Officer (COO)** is responsible for:
- Oversight of the implementation of this policy across the Trust.
 - Oversight of the Trust's insurance arrangements.
 - Dissemination of insurance policy requirements to the appropriate persons.
- 2.3. The **Trust Operations Manager (TOM)** is responsible for:
- Ensuring appropriate health and safety procedures are in place in line with approved policies and that they are operating effectively.

- 2.4. The **Headteacher/Principal** has ultimate responsibility for the health and safety matters at each school/academy and is responsible for:
- The implementation of this policy and its related procedures.
 - Ensuring that all staff and parents/carers are made aware of the Trust policy and arrangements regarding first aid.
 - Ensuring that all staff are aware of the locations of first aid equipment and how it can be accessed, particularly in the case of an emergency.
 - Ensuring that all risk assessments are completed and appropriate measures are put in place.
 - Ensuring that there is a sufficient number of appointed first aiders within the school/academy.
 - Ensuring that appropriate and sufficient first aid training is provided for staff and ensuring that processes are in place to validate that staff who have undertaken training have sufficient understanding, confidence and expertise in carrying out first aid duties.
 - Ensuring that adequate space is available for catering to the medical needs of pupils.
 - Reporting specified incidents on B-Safe to enable monitoring by the Trust Operations Manager (TOM) who will manage the reporting of applicable incidents to the Health and Safety Executive in collaboration with the school/academy.
- 2.5. **All Staff** are responsible for:
- Ensuring that they have sufficient awareness of this policy and the outlined procedures, including making sure that they know who to contact in the event of any illness, accident or injury.
 - Endeavouring at all times to secure the welfare of the pupils at the school/academy.
 - Making pupils aware of the procedures to follow in the event of illness, accident or injury.
 - Informing the Headteacher/Principal or their Line Manager of any specific health conditions or first aid needs.
- 2.6. **First Aiders** are responsible for:
- Administering immediate first aid to pupils, staff or visitors.
 - Completing and renewing training as per guidance.
 - Ensuring that they are comfortable and confident in administering first aid.
 - Ensuring that they are fully aware of the content of this policy and any procedures for administering first aid, including emergency procedures.
 - Ensuring first aid provision/supplies are appropriate for the environment and, where applicable in date.
 - Wearing appropriate personal protective equipment (PPE), such as gloves, where required.
- 2.6.1. **[EYFS Schools only]** In schools with Early Years Foundation Stage provision, at least 1 staff member who has a current paediatric certificate must be on the premises at all times. During educational visits and trips for EYFS pupils, at least 1 member who has a current paediatric certificate must be present at all times.
- 2.6.2. The **Headteacher/Principal** must ensure there are a sufficient number of suitably trained first aiders to care for pupils and staff in case they are injured at school/work. However, the minimum legal

requirement is to have an 'appointed person' to take charge of first aid arrangements. The school/academy will ensure that the appointed persons are trained appropriately.

2.7. The **appointed person** is responsible for:

- Overseeing the school/academy's first-aid arrangements.
- Taking charge when someone is injured or becomes ill.
- Calling the emergency services where necessary.
- Looking after the first-aid equipment, e.g. restocking the first aid container(s).
- Ensuring that an ambulance or other professional medical help is summoned when appropriate.
- Partaking in emergency first aid training, first aid at work and refresher training where appropriate, to ensure they have knowledge of:
 - What to do in an emergency
 - First aid for an unconscious person
 - First aid for someone who is having a seizure
 - Maintaining injury and illness records as required
 - Paediatric first aid (where relevant)
- Maintaining injury and illness records as required.
- Inspection of Automated External Defibrillator (AED) annually.

3. First Aid Provision

3.1. Each school/academy will review its first aid needs (at least annually), and particularly after any changes, to ensure the provision is adequate. Where minimum numbers of trained first aiders are set, these should be monitored to ensure that these standards are being met.

3.2. When considering how many first aid personnel are required, the Headteacher/Principal should consider the following:

- Adequate provision for lunchtime and breaks. It is good practice to encourage lunchtime supervisors to have first-aid training.
- Adequate provision for leave and in case of absences.
- Adequate provision for off-site activities, i.e educational visits and trips.
- Adequate provision for practical departments, such as Science, Design Technology and PE.

3.3. The school/academy will have suitably stocked first aid boxes in line with the assessment of needs. A typical first aid kit will include the following:

- A leaflet giving general advice on first aid
- 20 individually wrapped sterile adhesive dressings, of assorted sizes
- 2 sterile eye pads
- 4 individually wrapped triangular bandages, preferably sterile
- 6 safety pins
- 6 medium-sized (approximately 12cm x 12cm) individually wrapped sterile unmedicated wound dressings

- 2 large-sized (approximately 18cm x 18cm) individually wrapped sterile unmedicated wound dressings
 - 3 pairs of disposable gloves
 - Bandage scissors
- 3.4. Specialist provision may be required for practical departments, i.e. eye wash, etc.
- 3.5. The **appointed person** will routinely examine the contents of first aid boxes, including any mobile first aid boxes for offsite use - these will be frequently checked and restocked as soon as possible after use. Items will be safely discarded after the expiry date has passed.
- 3.6. First aid notices will be clearly displayed throughout the school/academy with information on the names and locations of first aiders to ensure that pupils and staff know who they must contact in the event of illness or injury.
- 3.7. First aid containers will be clearly identified by a white cross on a green background.
- 3.8. Please refer to [Appendix 1](#) for the locations of where First Aid boxes are stored within the school/academy.

4. First Aiders

- 4.1. The main duties of first aiders will be to administer immediate first aid to pupils, staff or visitors and to ensure that an ambulance or other professional medical assistance is called for when necessary.
- 4.2. Each school/academy will ensure that all first aiders hold a valid certificate of competence, issued by an HSE-approved organisation. First Aid at Work and Emergency First Aid at Work certificates are valid for **three years**. All first aid training must be recorded on the school/academy's Training Records Tracker.
- 4.3. Each school/academy will be mindful that many standard first aid at work training courses do not include resuscitation procedures for children, and will consequently ensure that appropriate training is secured for first-aid personnel where this has not already been obtained.
- 4.4. Each school/academy will ensure that refresher training and retesting of competence is arranged for first aiders before certificates expire.
- 4.5. Please refer to [Appendix 1](#) for a complete list of current first aiders at the school/academy and where they are based on site.
- 4.6. Each school/academy will ensure that there is always a sufficient number of first-aid personnel available on site at all times to provide adequate cover to all areas of the school/academy.
- 4.7. In line with government guidance, in Early Years Foundation stage provision, and taking into account staff: child ratios, the school/academy will ensure that there is at least **one** member of staff with a

current and full Paediatric First Aid (PFA) certificate on the premises and available at all times when pupils are present, and accompanying pupils on any and all outings taken.

- 4.8. **[EYFS Schools only]** The school/academy will ensure that PFA certificates are renewed every three years, and that training meets the criteria set out in Annex A of the 'Early years foundation stage (EYFS) statutory framework'.
- 4.9. All staff members will be made aware that agreeing to become a first aider for the school/academy is strictly on a voluntary basis and that they should never feel pressured to take on this role.
- 4.10. When selecting first aiders, the school/academy will follow the criteria laid out in government guidance, considering the individual's:
- Reliability and communication skills.
 - Aptitude and ability to absorb new knowledge and learn new skills.
 - Ability to cope with stressful and physically demanding emergency procedures.
 - Normal duties - a first aider must be able to leave to go immediately to an emergency.

5. Automated External Defibrillators (AEDs)

- 5.1. Where a school/academy has procured an AED its location will be clearly signposted and communicated to all staff. It is advised that these devices should not be locked away, as it is important that these devices can be accessed quickly.
- 5.2. Where the use of the AED is required, individuals will follow the step-by-step instructions displayed on the device.
- 5.3. **Primary schools only.** Where possible, AEDs will be used in paediatric mode or with paediatric pads for pupils under the age of eight.
- 5.4. An annual reminder will be issued by the school/academy to all First Aiders regarding the use of AEDs; including the option of attending further First Aid training specific to the use of AEDs to help them build confidence.
- 5.5. Maintenance checks are undertaken half-termly by the **site team** who will maintain an up-to-date record of all checks and maintenance work.

6. In-School Procedures

- 6.1. If an incident, illness or injury occurs, the member of staff in charge will assess the situation and seek the assistance of a qualified first aider, if appropriate, who will provide the required first aid treatment.
- 6.2. If the first aider does not consider that they can adequately deal with the situation presented, they will call for further assistance from a colleague. They will remain on scene until help arrives.

- 6.3. Where an initial assessment by the first aider indicates a moderate to serious injury has been sustained, or the individual(s) has become seriously unwell, the appointed person will call 999 immediately.
- 6.4. Where necessary, a trained staff member will administer emergency help and first aid to the injured person.
- 6.5. Where the injured or unwell individual(s) is a pupil, the following process will be followed:
- The appointed person calls 999 immediately and follows the instructions of the operator - this may include the administering of emergency first aid by the trained first aider.
 - Where an ambulance is required, a staff member accompanies the pupil in the ambulance and the appointed person calls the pupil's parent/carer as soon as possible to inform them of the course of action taken. The staff member remains with the pupil at the hospital until a parent/carer arrives.
- 6.6. Responding staff members will see to any pupils who may have witnessed the incident and who may be worried, despite not being directly involved.
- 6.7. Once the above action has been taken, details of the incident will be reported promptly to:
- The Headteacher/Principal
 - The parents/carers of the pupil(s)
 - The Trust Operations Manager
- 6.8. The school/academy is aware that responding to an incident can be stressful for the first aider, and that following an incident, the first aider may require support. This may take the form of a debrief from any ambulance crew on scene, an appointment with their GP, or mental health support from the Trust's wellbeing provider. Staff experiencing distress following an incident are encouraged to report this to the Headteacher/Principal or their line manager.

7. Reporting Accidents and Record Keeping

- 7.1. In the event of incident or injury to a pupil, a parent/carer will be informed as soon as practicable.
- 7.2. Parents/carers will be informed of any injury to the head, whether minor or major, and be given guidance on the action to take if symptoms develop.
- 7.3. In the event of a serious injury or an incident requiring emergency medical treatment, the **Headteacher/Principal** will inform the CEO/COO immediately and then telephone the pupil's parent/carer.
- 7.4. A list of emergency contacts will be kept at the school/academy office.
- 7.5. The school/academy will ensure that records are kept of any injuries, accidents or illnesses (on Sypro* or, where appropriate, B-Safe**), as well as any first aid treatment that is given via their own recording procedures - this will include:
- The date, time and place of the incident.

- The name and class of the injured or ill person.
- Details of the injury or illness and what first aid was given.
- What happened to the person immediately afterwards, e.g. whether they were sent home or went back to class.
- Name and signature of the first aider or person dealing with the incident.

**Recording all minor medical incidents (such as slips, trips and falls) that require basic first aid on site.*

***Recording more serious incidents (such as breaks/fractures), particularly where the injured party is referred to hospital or seeks professional medical attention.*

- 7.6. Staff must only use their own Sypro or B-Safe log in to access and report incidents. The use of colleagues' accounts is not permitted.
- 7.7. The Headteacher/Principal will ensure that any reportable injury, incident or accident under Reporting of Incidents, Diseases and Dangerous Occurrences (RIDDOR) will be reported to the TOM in a detailed and timely manner. The TOM will lead and manage the reporting of applicable incidents to the Health and Safety Executive (HSE) or Local Authority (LA).
- 7.8. An example of the incidents that sometimes result from schools' activities and are reportable under RIDDOR:

7.8.1. Injuries and Ill Health Involving Employees

7.8.1.1. Work-related accidents, including those caused by physical violence, if an employee is injured, wherever they are working: accidents which result in death or a specified injury must be reported without delay; accidents which prevent the injured person from continuing their normal work for more than seven days (not counting the day of the accident, but including weekends and other rest days) must be reported within 15 days of the accident.

7.8.1.2. Reportable specified injuries. These include:

- Fractures, other than to fingers, thumbs and toes
- Amputations
- Any injury likely to lead to permanent loss of sight or reduction in sight
- Any crush injury to the head or torso causing damage to the brain or internal organs
- Serious burns (including scalding), which cover more than 10% of the body
- Serious burns (including scalding), which cause significant damage to the eyes, respiratory system or other vital organs
- Any scalping requiring hospital treatment
- Any loss of consciousness caused by head injury or asphyxia
- Any other injury arising from working in an enclosed space which leads to hypothermia or heat-induced illness
- Any other injury arising from working in an enclosed space which requires resuscitation or admittance to hospital

7.8.2. Injuries Involving Pupils and Other People Not At Work

7.8.2.1. Injuries to pupils and visitors who are involved in an accident at school or on an activity organised by the school are only reportable under RIDDOR if the accident results in:

- The death of a person arising from, or in connection with a work activity; OR
- An injury that arose out of or in connection with a work activity and the person is taken directly from the scene of the accident to hospital for treatment (examinations and diagnostic tests do not constitute treatment).

7.8.3. Dangerous Occurrences

7.8.3.1. Reportable dangerous occurrences in schools typically include:

- The collapse or failure of load-bearing parts of lifts and lifting equipment
- The accidental release of a biological agent likely to cause severe human illness
- The accidental release or escape of any substance that may cause a serious injury or damage to health
- An electrical short circuit or overload causing a fire or explosion.

The above are examples only and this is not an exhaustive list. Further guidance can be obtained by visiting the HSE website (<https://www.hse.gov.uk/pubns/edis1.pdf>).

8. Offsite Visits and Events

- 8.1. Before undertaking any off-site visits or events, the teacher organising the trip or event will assess the level of first aid provision required by undertaking a suitable and sufficient risk assessment of the visit or event and the persons involved.
- 8.2. Transport Regulations require that all minibuses have on-board a first aid container.

9. Storage of Medication

- 9.1. Medicines will be stored securely and appropriately in accordance with individual product instructions. At the end of the academic year, any unused medication will be returned to the parent/carer.
- 9.2. Prescription medicines will be stored in the original container in which they were dispensed, together with the prescriber's instructions for administration, and properly labelled, showing the name of the patient, the date of prescription and the date of expiry of the medicine.
- 9.3. Non-prescription medicines may only be administered in the following situations:
 - When it would be detrimental to the pupil's health or school attendance not to do so, and parental consent has been provided.
 - When instructed by a medical professional, for example, if a pupil suffers a severe allergic reaction a 999 responder may instruct the use of an EpiPen.

- 9.4. A limited amount of non-prescription medicines (provided by the parent/carer), including pain relief and antihistamines (such as ibuprofen, paracetamol, cetirizine (excluding use in EYFS) and Loratadine) may be stored by the school/academy.
- 9.5. **Written authorisation will be sought from the parent/carer prior to any non-prescription medication being administered to a pupil for the first time.** Written medication authorisation by parents/carers must state the required dose and interval which should be checked against the medication dosage. If the parent/carer request exceeds the recommended dosage, this must be refused in writing. Any medication administered must be recorded under the normal procedures on **Sypro** (*accidents and incidents > other circumstances > medical incident/minor illness*).
- 9.6. If a non-prescribed medicine has been or is due to be administered, parents/carers must be informed immediately.
- 9.7. Any non-prescription medication will be reviewed regularly to ensure the medication is within the appropriate use by date. Any medication which is close to the expiry date will be disposed of appropriately.
- 9.8. An emergency supply of medication will be available for pupils with medical conditions that require regular medication or potentially lifesaving equipment, e.g. an EpiPen.
- 9.9. Parents/Carers will advise the school/academy when a child has a chronic medical condition or severe allergy so that an Individual Health Care Plan (IHCP) can be implemented and staff can be trained to deal with any emergency in an appropriate way. Examples of this include epilepsy, diabetes and anaphylaxis. A disclaimer will be signed by the parents/carers in this regard.

10. Illnesses and Allergies

- 10.1. When a pupil becomes ill during the school day, the parents/carers will be contacted and asked to pick their child up as soon as possible.
- 10.2. A quiet area will be set aside for withdrawal and for pupils to rest while they wait for their parents/carers to pick them up. Pupils will be monitored during this time.
- 10.3. Where a pupil has an allergy, this will be addressed via their IHCP.

11. Consent

- 11.1. Parents/Carers will be asked to complete and sign a medical consent form when their child is enrolled at the school/academy, which includes emergency numbers, alongside details of allergies and chronic conditions - these forms will be updated at the **start** of each academic year.

12. Confidentiality

- 12.1. The Headteacher/Principal and staff should always treat medical information confidentially. It should be agreed with the parent/carer who else should have access to records and other information about a young person.

13. Monitoring and Review

- 13.1. This policy will be reviewed **annually** by the Trust Operations Manager and approved by the Chief Operating Officer; any changes will be communicated to all academies/schools.
- 13.2. Staff will be required to familiarise themselves with this policy. Staff will be informed of the arrangements that have been made in connection with the provision of first aid, including the location of equipment, facilities and personnel.
- 13.3. The next scheduled review date for this policy is detailed on the cover page.

First Aid POLICY	
Localised School Based Procedures	
School Name:	Burton Green Primary School
Headteacher/Principal:	Ash McGann
Designated Safeguarding Lead:	Ash McGann
Appointed Person:	Bethany Dobson
Implementation Date: <i>Inline with policy approval</i>	September 2024

Introduction

In conjunction with the Trust wide First Aid Policy, localised procedures have been established to ensure that systems and procedures reflect the school/academy setting.

The localised procedures for the school/academy setting focuses on the following key areas:-

- First Aid Boxes
- Trained First Aiders

Should you have any concerns or questions relating to the localised procedures, in the first instance, please contact hello@bgp.hslt.academy

Locations of First Aid Boxes	
Relates to item 3.6 within the Trust First Aid Policy	
Location	Responsible Staff Member
Early Years	Bethany Dobson
KS1	Bethany Dobson
KS2	Bethany Dobson

Below is a list of all staff members who have responsibility for delivering First Aid:

First Aid Trained Staff		
Relates to item 4.5 within the Trust First Aid Policy		
Name of Staff Member	Location (i.e. classroom/office)	Date First Aid Training Expires
Kerry Gornall	Teacher EY	23/10/2026
Kirsty Green	Support	20/11/2026
Neale Holmes	Specialist Instructor	04/09/2026
Caroline Rafferty	Support	04/09/2026
Vicki Whittaker	Support	31/10/2025
Vicky Scott	Support	20/11/2026
Victoria Harris	Teacher EY	01/12/2024

Please be aware that the above have been trained to administer emergency first aid, they are not medically trained and will not be expected to make any form of diagnosis.
